Bendit stated last meeting canceled 3-3-20. cancelled due to COVID-19. Unknown next meeting.</p>		
Old Business	<p>Mission Lifeline Awards for EMS: Nothing new this quarter.</p> <p>UPDATE: O. Gossage initiated a follow-up discussion about transmitting Patient Name, DOB, and Past Pertinent HX prior to arrival to the ED when it is time sensitive, i.e. Stroke & STEMI. In March, the PEMS MAC decided that legally the HEAR is acceptable, the COR would be the best mechanism to share information in those situations. This is scheduled to be in the March 2021 protocol update. J. Bendit stated that ED Nurses can ask for EMS to call on Core for the information needed until then. K. Harper stated that O'brien could send an SBAR in order to address gaining patient information over COR when providers state HIPAA potential. PEMS rotocols add this in the communications section of the update March 2021.</p>	Go live with Protocol update March 2021	PEMS/3-1-2021
New Business	Hospital STEMI Data Reports for 1st Quarter 2020 (October 1- December 31, 2020). J. Bendit stated that minimal data sent prior to the meeting. Asked if this information is relevant and needed. K. Harper stated that credentialling agencies require hospitals to monitor this type of data and that this needs to be reviewed. She stated that it might help to have calendar invites for the reminders. J. Bendit stated he sends meeting reminders 30 days out, 2 weeks out and around the day of meetings. Outlook invites sent by O. Gossage stated that 11 people accepted.	Send the STEMI report form Qtrly Provide feedback to Dr. Louka	J. Bendit before each meeting

Item	Discussion	Action Required	By Whom/When
	<p>Dr. Louka suggested automated data pull survey sent to STEMI Committee for the hospital data such as Sharepoint.</p> <p>G. Samuels unable to communicate during entire meeting. Several attempts to sign out and sign in with the inability to unmute self. Sent follow-up with K. Brophy.</p> <p>Review of the Imagetrend reports: Arrival to patient to 1st 12 lead EKG : Dr. Louka stated this is good data to bring to the OMDs in the MAC. K. Harper stated she liked visual dashboards with color in order to show results. The data that needs to be added and color codes for the dashboard still needs to be determined in order to have useable data to report to the MAC.</p> <p>K.
