EMS EDUCATIONAL PROGRAMS

E-010

PREHOSPITAL LIFE SUPPORT (PHTLS)

Prehospital Trauma Life Support (PHTLS) courses are nationally recognized continuing education programs for prehospital emergency health care professionals that bring the care of the trauma patient into a single focus.

PHTLS courses provide a prehospital trauma care philosophy, stressing the need to treat the multisystem trauma patient as a unique entity with specific needs. This may require an approach to the trauma patient that varies from traditional treatment modalities.

PHTLS courses are based on the **Advanced Trauma Life Support (ATLS)**, a course for physicians developed by the American College of Surgeons-Committee on Trauma. More importantly, PHTLS courses follow the principles of care of trauma patients as developed by the Committee on Trauma.

Textbook is required for class, information will be sent with acceptance letter.

CLASS IS FOR BLS AND ALS PROVIDERS, NURSES OR EQUIVALENT.
CEU'S OFFERED FOR EMT-B, EMT-E, EMT-I, EMT-P

Sunday, 9-23-2018 8:30 am to 5:00 pm

Monday, 9-24-2018 8:30 am to 5:00 pm

This class is limited to 25 participants

This is a two day course

presented by Davis EMS Systems

E-011

TACTICAL COMBAT CASUALTY CARE

The Tactical Combat Casualty Care Course is a "hands-on" program developed by the military for those individuals needing special tactics and training in trauma care when unique environmental conditions prolonged transport times, or other special situations exist. This course will cover CASEVAC, MEDEVAC, equipment selection and team health. There will be both classroom and scenario training including tourniquets, advanced airway techniques, thoracic and abdominal trauma and needle decompression as well as many other useful techniques. This is the TCCC program.

Textbook is required for class, information will be sent with acceptance letter.

CLASS IS FOR BLS AND ALS PROVIDERS, NURSES OR EQUIVALENT.
CEU'S OFFERED FOR EMT-B, EMT-E, EMT-I, EMT-P

Tuesday, 9-25-2018 8:30 am to 5:00 pm

Wednesday, 9-26-2018 8:30 am to 5:00 pm

This class is limited to 25 participants

This is a two day course

presented by Davis EMS Systems

EMS EDUCATIONAL PROGRAMS

E-012

INFECTION DISEASE CONTROL BASIC

This course meets OSHA regulations and OEMS required hours for infection control training. The class covers blood borne pathogens and airborne diseases. Do you know about OSHA regulations? Do you know how to protect your health? If not, you should attend this course.

Monday, 9-24-2018 12:30 pm to 3:30 pm

4 hour course (may be less) presented by Josh Wilkinson, VAVRS

E-013

DESIGNATED INFECTION CONTROL OFFICER UPDATE

This course is designed to you regarding updated information on Infection Disease Control and your responsibilities as the Designated Infection Control Officer for your organization. If you hold this position, this will allow you to meet the requirements as required by the Virginia Office of EMS for all EMS Agencies.

Monday, 9-24-2018 4:00 pm to 5:30 pm

2.5 hour course (may be less) presented by Josh Wilkinson. VAVRS

E-014

DESIGNATED INFECTION CONTROL OFFICER

This course is designed to teach you the responsibilities of the Designated Infection Control Officer for your organization. It will cover all the tools you will need to hold this position as required by the Virginia Office of EMS for all EMS Agencies.

Tuesday, 9-25-2018 9:00 am to 5:00 pm

8 hour course (may be less) presented by Josh Wilkinson. VAVRS

****Infection Control Basic, Designated Infection Control Officer Update, Designated Infection Control Officer programs are undergoing updates so total hours for course may change***

E-015

EMS AND FORENSIC EVIDENCE

As EMS providers we find ourselves in situations that require observation and that "BE CAREFUL WHAT YOU DISTURB SIGN". This program will present "food for thought", relating to the potential or actual crime scene. Learn how you can do the best for your patient, their family, the medical examiner and for those investigating these events.

Monday, 9-24-2018 9:00 am to 5:00 pm

This is a one day course presented by Clay Overholt, VAVRS

LEADERSHIP & MANAGEMENT PROGRAMS

L&M – 030

METHODS OF INSTRUCTION

Open to anyone interested in becoming a VAVRS Instructor, this class provides skilled instruction in basic adult education processes. Students will participate in classroom scenarios as well as requirements for becoming and maintaining instructional certification with the VAVRS. ALL INSTRUCTOR CANDIDATES are REQUIRED to complete the Methods of Instruction class.

If you are currently certified as a VAVRS, DFP or EMT B INSTRUCTOR or hold Educational Degrees/Certificates, submit a copy of these documents with your registration to be considered for an exception from this program.

Saturday, 9-22-2018 9:00 am to 5:00 pm

Sunday, 9-23-2018 9:00 am to 5:00 pm

***This is a two day course** presented by Steve Ayers, VAVRS and other VAVRS Instructors*

L&M – 031

GRANTS

Learn what you need to know to effectively write a grant for your agency. We will discuss the types of grants available and the specifics for the grants. So come prepared to learn the do's and don'ts of grants.

Wednesday, 9-26-2018 9:00 am to 5:00 pm

***This is a one day course** presented by Frank Smith, VAVRS*

L&M – 032 MENTAL HEALTH FIRST AID for PUBLIC SAFETY

Mental Health First Aid for Public Safety is an 8-hour course that teaches you how to help someone who may be experience a mental health or substance use challenge. The training helps you identify, understand and respond to the signs of addictions and mental illnesses.

Wednesday, 9-26-2018 9:00 am to 5:00 pm

***This is a one day course** presented by Scott Davis and Steve Southworth, VAVRS*

LEADERSHIP & MANAGEMENT PROGRAMS

L&M – 033 ASSISTING INDIVIDUALS IN CRISIS & GROUP CRISIS INTERVENTION

This 3-day course combines ALL of the content of ICISF's Assisting Individuals in Crisis & Group Crisis Intervention courses. Crisis Intervention is NOT psychotherapy; rather, it is a specialized acute emergency mental health intervention which requires specialized training. As physical first aid is to surgery, crisis intervention is to psychotherapy. Thus, crisis intervention is sometimes called "emotional first aid". Designed to present the core elements of a comprehensive, systematic and multi-component crisis intervention curriculum, this course will prepare participants to understand a wide range of crisis intervention services for both the individual and for groups. Fundamentals of Critical Incident Stress Management (CISM) will be outlined and participants will leave with the knowledge and tools to provide several group crisis interventions, specifically demobilizations, defusings and the Critical Incident Stress Debriefing (CISD). The need for appropriate follow-up services and referrals when necessary will also be discussed. This course is designed for anyone in the fields of Business & Industry Crisis Intervention, Disaster Response, Education, Emergency Services, Employee Assistance, Healthcare, Homeland Security, Mental Health, Military, Spiritual Care, and Traumatic Stress.

Program Highlights

- Psychological crisis and psychological crisis intervention
- Resistance, resiliency, recovery continuum
- Critical incident stress management
- Evidence-based practice
- Basic crisis communication techniques
- Common psychological and behavioral crisis reactions
- Putative and empirically-derived mechanisms
- SAFER-Revised model
- Suicide intervention
- Relevant research findings
- Large group crisis interventions
- Small group crisis interventions
- Adverse outcome associated with crisis intervention
- Critical Incident Stress Debriefing (CISD)

Completion of "Assisting Individuals in Crisis" & "Group Crisis Intervention" and receipt of a certificate indicating full attendance (27 Contact Hours) qualifies as two CORE classes in ICISF's [Certificate of Specialized Training Program](#).

Wednesday, 9-26 8:30 am to 4:30 pm

Thursday, 9-27 8:30 am to 4:30 pm

Friday 9-28 *:30 am to 4:30 pm

This is a three day class 9:00 am to 5:00 pm

presented by Trisha Copeland, ICISF Instructor

LEADERSHIP & MANAGEMENT PROGRAMS

L&M – 034 THE EFFECTIVE RESCUE SQUAD AND FIRE DEPARTMENT LEADER

This presentation is designed for Board Members, Commissioners and Executive Leaders of Emergency Service Organizations. This session will examine ten (10) essential elements within an organization. If one or more of those elements are not working well or are being ignored, a crisis that may threaten the organization's future will likely occur. An additional goal of the "top 10 Threat to Your ESO" program is to present an introduction to promoting a proactive approach to overall organizational effectiveness.

Friday, 9-28-2018 8:30 am to 12:30 pm

This is a four hour course presented by Jerome Ozog, VFIS Instructor

L&M – 035 VOLUNTEER RETENTION & RECRUITMENT FOR THE EMERGENCY SERVICES

The intent of the retention and recruitment presentation is to initiate a foundation for a long term program by exploring challenges and solutions. The presentation will consist of various potential strategies for participant's consideration in their R&R efforts. The intent of this information sharing is that with careful and conscientious follow-up, a program can be developed that can yield tangible results.

Friday, 9-28-2018 1:45 pm to 3:45 pm

This is a two hour course presented by Jerome Ozog, VFIS Instructor

L&M – 036 NATIONAL REGISTRY UPDATE

National Registry will present an overview of the test writing process, including organizational changes, the recruitment of item writers and reviews, NCCP requirements and Replica.

Thursday, 9-27-2018 12:00 noon to 1:00 pm

presented by John Molnar, National Registry of EMTs

TECHNICAL CLASSES

T-011

VEHICLE RESCUE AWARENESS AND OPERATIONS

This course will teach the latest skills and fundamentals of vehicle rescue. Emphasis will be placed on an orderly and efficient approach to the accident situation, safety procedures, protective equipment and use of tools. The tools will include, but will not be limited to, hand tools, power tools, hydraulic tools, air bags. The course meets NFPA standards. STUDENT MUST PROVIDE FULL TURN OUT GEAR. (VAVRS/DFP/OEMS CERTIFICATION CLASS). MUST BE 18 YEARS OF AGE.

Saturday, 9-22-2018 8:30 am to 5:00 pm

Sunday, 9-23-2018 8:30 am to 5:00 pm

This class is limited to [25 participants](#)

This is a two day course

presented by Chris Florio & other VAVRS Instructors

T-012

FARM MACHINERY EXTRICATION

Developed in cooperation with Virginia Tech's Agricultural Engineering Department, this course stresses the safe and proper techniques of handling agriculture related accidents. This course includes machinery upsets, victims caught within large machinery, agricultural chemicals and pesticides. Actual hands-on extrication practice will be provided. This class is a prerequisite for the Farm Machinery Extrication-Advanced. Students will be required to provide their own protective gear. MUST BE 18 YEARS OF AGE.

Tuesday, 9-25-2018 8:30 am to 5:00 pm

Wednesday, 9-26-2018 8:30 am to 5:00 pm

This class is limited to [25 participants](#)

This is a two day course

presented by Scott Masincup & other VAVRS Instructors

TECHNICAL CLASSES

T-013

SEARCH AND RESCUE

This course stresses the importance of pre-planning for search and rescue, search management, tactics, incident command and victim evacuation. Additional information will be sent to each registrant upon enrollment acceptance. Students will participate in a field search session.

Tuesday, 9-25-2018 8:30 am to 5:00 pm

Wednesday, 9-26-2018 8:30 am to 5:00 pm

This class is limited to [25 participants](#)

This is a two day course

presented by Bob Wingfield & other VAVRS Instructors
