

Law Enforcement, BLS, ALS, RN, PA and MD are welcomed!

Tactical Combat Casualty Care (TCCC-Medical Provider) 4 year certification

The Tactical Combat Casualty Care (TCCC) course introduces evidence-based, life-saving techniques and strategies for providing the best trauma care on the battlefield. NAEMT conducts TCCC courses under the auspices of its PHTLS program, the recognized world leader in prehospital trauma education.

NAEMT's TCCC courses use the PHTLS Military textbook and are fully compliant with the Department of Defense's Committee on Tactical Combat Casualty Care

(CoTCCC) guidelines. It is the only TCCC course endorsed by the American College of Surgeons.

The TCCC-MP (TCCC for Medical Personnel) course is designed for combat EMS/military personnel, including medics, corpsmen, and pararescue personnel deploying in support of combat operations.

This course is taught by a military reserve officer who served in both Iraq and Afghanistan, and has more than 15 years of professional emergency response experience in New York City first as a Paramedic, then as a New York City Police Officer. Furthermore the lead instructor is a an actively practicing Certified Emergency Nurse (CEN) with a Bachelors in the Science of Nursing (B.S.N.) who has completed the Trauma Nursing Core Course (TNCC) and has work experience in a Combat Support Hospital (Iraq), a New York Emergency Room and Maryview's ER.
