

2019 Designated Infection Control Officer Training

by

Peninsulas
Emergency
Medical
Services Council, Inc.

Annual Infection Control Update: This two hour course is designed to provide updated information on infectious disease regulations, record-keeping requirements, HIPAA regulations, vaccine issues, and much more to individuals who have previously completed the Basic or Advanced Designated Officer courses.

26 September, 2019
6:00 – 8:00 PM No
Fee

Basic Designated Infection Control Officer Course: This two-day course is designed to prepare the Infection Control Officer to fully meet the requirements for the position established under NFPA 1581, OSHA, and the Ryan White Law.

27 & 28 September, 2019
8:30 AM – 5:00 PM
\$100.00

Advanced Designated Infection Control Officer Course: This one-day seminar format course is designed to build on the information taught in the Basic Designated Officer course. *****Please Note: After completing the Basic Designated Infection Control Officer Training Course an Infection Control officer must wait 3 months before completing the Advanced Designated Infection Control Officer Training Course.**

26 September, 2019
8:30 AM – 5:00 PM
\$50.00

Train the Trainer OSHA Bloodborne/Airborne & Droplet Disease Course: This one-day course is designed to educate your training department to teach the OSHA Bloodborne Pathogens, and Airborne & Droplet Disease Curriculum. Selected Department Member(s) will be specifically trained to teach the material for New Employees and to conduct annual update training.

29 September, 2019
8:30 – 5:00 PM
\$50.00
